

Opening General Session & Keynote: The Operator's Decade

Margaret Hollenbeck (S001)

2027-04-26 | 08:00-09:30 America/New_York | Mainsail Hall

Session scope

Welcome from NAGP leadership, then the keynote on running a grid nobody designed. CE credits: 1.5 PDH

Learning objectives

1. Participants will compare three pressures reshaping the operator role.
2. Participants will identify where a legacy operating model assumes conditions that have changed.
3. Participants will frame one evidence-based question for the leadership discussion.

Teaching plan

The speaker introduces the source session topic and a fictional case. Participants identify the decision to examine, review the supplied evidence, then discuss how different assumptions change their conclusions.

Case discussion

The group works through a case about opening general session & keynote: the operator's decade. Each team records the information it trusts, the information still missing, and the reason for its proposed next question. The speaker compares the teams' conclusions and ties them back to the session scope.

Outline status

This synthetic demo fixture represents the first outline submission. Its review state appears in the conference workspace. The final presentation deck is due April 9, 2027 and has not been uploaded.
